

Safety Statement

It is school policy to provide a safe and healthy work environment for all employees and to meet our duties to customers, contractors and visitors. The school acknowledges its role in protecting the safety, health and welfare of all people employed in the organisation and affected by the workplace. We are committed to implementing safe work systems and methods to ensure the safety, health and welfare of all.

The school understands its legal obligations and its commitment to comply with the Safety, Health and Welfare at Work Act, 2005, and any other legislation such as the General Applications Regulations 1993 or as required under EU Law.

The school recognises that its obligations are to provide the following:

- A safe place of work
- Safe systems of work
- Appropriate information and training to ensure safety
- Preparation and revision of emergency plans
- Prevention of risk to health from any activity
- Hygiene facilities as appropriate

The success of this policy will depend on the co-operation of all employees. It is therefore important that you acquaint yourself with all areas of the Safety Statement. You should ensure that you understand your role and the overall arrangements for health and safety within the school and within your individual department. You should also be aware that you have an obligation to take care of your own safety and that of others who might be affected by your actions.
