However, the Education (Admissions) 2018 provides that the existing application list may be processed in accordance with the school's Admission Policy until 1st February 2025. After that date, or after a prior date, when in the opinion of the Board of Management the existing application list should be reactivated, all applications thereafter shall be either renewed, or made afresh (in the case of new applications) and shall be considered/ processed by the Board of Management on a year to year basis, as will have been agreed by the Board of Management and sanctioned by the Patron.

However, if two or more applications for enrolment have been received on the same day priority for enrolment will be given to the younger or youngest student, pending consideration for enrolment by an Admissions Committee.
- However, in considering the issue of priority in selecting students for enrolment, the need for the school to maintain a balance in terms of age and class size shall be an overriding criterion, and the Board of Management shall be the final arbiter in this regard.
- The application must be supported by clinical evidence that the student has received a diagnosis of Moderate Intellectual Disability from a CORU registered Psychologist. Up-to-date Psychology reports of no later than two years after date of cognitive assessment can be accepted by the admissions committee.

- The completion of an application form and submission of requested up-to-date Psychology Assessment and Report, and the subsequent placement of a child's name on any such list does not confer an automatic right to a place in the school. Each application is subject to the Admissions Procedure set out in this policy.
